

## TIMING PULLEYS

**Universal** Timing Pulleys ensures longer belt life with virtually no slippage and noiseless having min. back lash, in a way, pulley is made from steel or aluminium material with or without taper lock/bush as per customer's requirement, machined by generating topping cutters.

### RANGE

- 'XL' type (extra light duty)
- 'L' type (light duty)
- 'H' type (heavy duty)
- 'XH' type (extra heavy duty)
- 'XXH' type (double extra heavy duty)

### Power Capacity Ratings KW/25mm Belt at 100rpm speed

### Minimum Information Required While Sending Enquiry/Order

1. Duty type i.e. extra light or heavy & so on.
2. Pitch of pulley i.e. 1/5" or 3/8" & so on.
3. No. of driver pulley teeth i.e. 10 or 17 & so on.
4. Pulley material i.e. steel or aluminium.
5. Quantity in nos.
